OBJECTIVE

Recently trained MERN stack developer with hands-on experience in building full-stack web applications using JavaScript, React.js, Node.js, Express.js, and MongoDB. Passionate about applying my learning to real-world projects and contributing to a collaborative development environment. Seeking an opportunity to kickstart my career, enhance my skills, and grow as a full-stack developer.

WORK EXPERIENCE

Entri

Full Stack Developer - intern   Dec 2024 - Jan 2025
- Maintained strong education in latest technologies, software, and hardware products for use in various projects.
- Utilized version control systems such as Git to manage source code repositories.
- Developed and maintained RESTful APIs using Node.js and Express.js, designing and implementing server-side logic to enable efficient data communication and support dynamic, responsive web applications built with React.js.

PROJECTS

Hungry Hub
- Designed and implemented a role-based system ensuring secure access and efficient management of food, restaurants, and orders.
- Built scalable backend APIs using Express.js and MongoDB to support CRUD operations and integrated Razorpay for seamless payment processing with coupon functionality.
- Developed responsive user interfaces using React and Tailwind CSS, with dynamic food and restaurant displays using React Slick.
- Secured the application with bcrypt for password hashing, JWT for authentication.

Brain Flip
- Developed a responsive memory card game using React, utilizing useState and useEffect for dynamic state management and gameplay logic.
- Implemented randomized card setup, intuitive alerts, and responsive design to enhance user experience.
- Optimized performance and ensured smooth, error-free gameplay through efficient asynchronous state management and seamless transitions.

SKILLS

Programming languages : JavaScript (ES6+), TypeScript
Frontend Technologies : HTML5, CSS3, React, Bootstrap, Tailwind CSS, Zustand
Backend Technology: Node.js, Express.js, MongoDB, RESTful APIs, JWT, Mongoose
Tools and Technologies : GitHub, AWS, Axios, Postman, Vercel, VS Code,
Soft Skills : Communication, Time management, Problem solving, Team work, Decision Making, Attention to detail
